Background Information:

BSEC was launched as a regionally owned initiative, with Turkey's lead, on 25 June 1992 at the Istanbul Summit, at a time when regional cooperation was most needed in the transformation process that the countries of the region were undergoing. The idea that stronger economic cooperation among the Black Sea countries would enhance peace, stability and prosperity in the region was the underlying philosophy behind BSEC. With the entry into force of its Charter in 1999, BSEC was officially transformed from an initiative into a regional cooperation organization.
